D.I.Y. // HEAT HAIR

REGULAR SEASON

THE PLAYOFFS

THE HEAT WAVE

They often say to let your hair down and relax. Well, we want you to put it up — way up — and dye it RED; it's the Playoffs! For this hair-raising activity, try some hair goo (hairspray, gel, egg whites, glue, you'll figure it out) and hair long enough for this to work. Start sculpting and work that wave!

Glue is said to be the best to spike really long hair and can hold for days, but check that it washes out before you use it.
