GET TO KNOW BRANDON RUSH

- According to him, one of the first big steps in his career was a slam dunk in seventh grade that brought down the goal.
- One of his favorite athletes is Roger Federer. "I love to watch tennis. I admire Federer's style of play. He's so laid back and never shows too much emotion. That's the type of player I am on the basketball court. I never get too rowdy or anything. I am very quiet on the court."
- Says he's allergic to most pets, but would like to have a pet monkey.
