

Who says dreams don't come true? Certainly not Houston's Own CLUTCH "The Rockets Bear".

His unique sense of humor, expressed entirely through body language, reflects an entertaining blend of slapstick comedy and mischief making. Drawing from his collection of props, Clutch never runs out of ways to make you laugh. With silly string guns, confetti cannons and many other surprises, Clutch is the essential party crasher all in Rockets Style!

Not only has Clutch brought fun and excitement everywhere he has been, but he has also delivered valuable messages and lessons to children through out Houston. Clutch would love to come to your school and help electrify your next school rally. Students at the following 206 Houston area elementary schools have long-lasting and fond memories of Clutch's visit.
