

READ AND WIN GREAT SONICS PRIZES!

Reading is fun. I like to read because it teaches me about the world. Reading is a great way to learn. I like to read about everything. A book can tell you anything. I like to go out to the library. I like to check out my friends' books. I like to read about other people's lives. I like to read about things that are interesting. It's especially important for kids to read because there are so many new words and new ideas that may not be taught in a classroom. The more a person reads, the more a successful adult. Everyone likely they are to become a successful adult. Everyone has special interests and every topic is available on that you want to know more about. For example, if you like basketball, pick up a biography about your favorite player. If you want to learn how to do something or make something, all out there for you to explore and it's free if you know where to go. Visit your school library or borrow books from your friends. It's that easy!

<<< #34 Ray Allen

READ for at least 20 minutes per day for 20 days within a month. HAVE FUN!

FIND a reading coach (parent, guardian, teacher, librarian, tutor) to sign your chart after you complete each day's reading.

WIN by bringing your reading chart to your school librarian. You'll be eligible to receive outstanding SONICS STUFF!

Starbucks is proud to support the Sonics Read to Achieve program.
