

The Sonics & Storm T.E.A.M. Foundation

Neighborhoops Court Refurbishing Application

The Seattle SuperSonics & Storm are dedicated to providing opportunities for kids in Washington to participate in athletics and basketball related activities. Deterioration has affected many of the community basketball courts around the state. Without the funds to upkeep these courts, community centers, schools and parks are left with unusable areas. We have decided to bring these courts back to life, one hoop at a time through our Neighborhoops program. Past projects have ranged from scoreboard installations to full outdoor court construction. If you have a location you would like to nominate for a Neighborhoops court refurbishing project, fill out the application below.

The Sonics & Storm T.E.A.M. Foundation Board will select the winning community based on the following criteria:

1. Significant need for renovated basketball facilities
2. Demonstration of ability to obtain additional funding as necessary for maintenance of facilities
3. Organizational participation in a Sonics or Storm Community Night at a Sonics or Storm home game.

Instructions:

1. Answer each question in the space provided.
2. Attach any supplementary pages that may be essential to our understanding of your project
3. Sign and date the application
4. Fax the completed application to:

Wyjuana Montgomery
Community Programs Manager
Seattle Sonics & Storm
Fax#: 206-272-2697

OR mail application to:
Seattle Sonics & Storm
Attn: Wyjuana Montgomery
351 Elliott Ave. W., Suite 500
Seattle, WA 98119

Applications will be reviewed by T.E.A.M. Foundation representatives and projects will be selected based on merit. The T.E.A.M. Foundation will contact applicants only if projects are selected.

The ability of the Sonics & Storm T.E.A.M. Foundation to support organizations is dependent on the quantity and quality of proposals received, as well as upon the success of the Foundation's own fund raising efforts. Regrettably, the Foundation receives more requests for support than it can possibly fund, and some requests are therefore declined even though they may meet Foundation requirements.
