- To deactivate stored value for specific games, you must enter an **X** in that game's allocation column.
If a field is left blank, stored value will be available for that game.
- If you would like to set a maximum limit to be used at specific games, please enter that value in that game's allocation column.
- Any Stored Value balance that remains after a game will automatically rollover into the next game which you designated to have Stored Value available.
- Orders must be received at least four hours prior to the game.**
