OUR CALLING: CLIPPERS FOUNDATION

Every day, we'll make a positive difference to a child in L.A.

To meet this commitment, the L.A. Clippers Foundation will first understand their educational environments, from classroom to playground to living room, in communities across Southern California.

The greatest resource of the Clippers Foundation is inspiration, channeled from our players, organization and Clipper Nation.

Our greatest tool is investment, through singular grants that set a new benchmark in actual funds and true transparency.

Our greatest gift is mobilizing contribution and commitment from everyone we call Partner, including colleagues, corporate sponsors and the community at large.

In every way, our mission is to inspire a child to make a positive difference in their L.A.
