

Thank you for your interest in the Utah Jazz. Each year the Jazz receive thousands of donation requests to support worthwhile charitable causes, and we proudly support nonprofit organizations and fundraisers throughout the states of Utah, Idaho and Wyoming. While we make every effort to accommodate as many requests as possible, we are simply unable to fulfill all of them due to the volume we receive.

Before requesting an in-kind donation for an upcoming charitable event or fundraiser, please read the following donation guidelines:

- In an effort to maximize efficiency, we have adopted an online donation request system. All requests must be submitted through this process. Requests submitted via email, fax, mail or phone will NOT be considered.
- The organization must be a charitable 501(c)3 organization or a fundraising event located in the states of Utah, Idaho or Wyoming.
- All requests must be received **AT LEAST SIX WEEKS PRIOR** to the fundraising event date.
- Due to the volume of requests, donations will be limited to one per calendar year for each organization.
- Donations are subject to availability.
- We are unable to accept items to be autographed; therefore, please do not send basketballs, jerseys or other items to be signed.
- Monetary donations, sponsorships, door prizes or giveaways will not be considered or granted.

If you believe your nonprofit organization is eligible to receive a donation, take a moment to fill out the request form below. Please be aware that:

- In addition to completing the fields below, you are encouraged to attach a letter about your event or nonprofit organization on the organization's official letterhead.
- Email addresses entered below will be used solely for communication with the Utah Jazz Community Relations department.
- Donation requests are considered based on the date of the fundraising event.
- All properly submitted requests will receive an answer, via email, prior to the date of the event. We kindly ask that you do not call about the status of your donation.
- **Submitting a request does not guarantee a donation.** It's recommended that your event not be centered on the anticipation of receiving a donation item. Rather, a Jazz donation item should be a complementary element to your event.

THERE ARE NO EXCEPTIONS TO THE GUIDELINES, AND ALL DECISIONS ARE FINAL.
