### EXTRA EXTRA

Lakers Gaming was featured on the front page of the sports section of the LA Times in a story that highlighted their footprint on the Lakers organization and the bright future that the franchise has in front of them. A huge thanks to Arash Markazi for his time and the great piece.

### LEVELING UP

- Lakers Gaming finished their inaugural season at 3-13, but their individual players all showed promise for the new franchise
- Kev was the team's top scorer (15.6) and ended the season by playing three games at power forward where he averaged 30.7 points and put up 41 points in the final game of the year
- Vert moved to point guard late in the season and averaged 12.3 points and 9.1 assists while tallying three double-doubles
- Mooty was a rebound-machine this season, tallying double-digit boards in 10 games and finishing the season with seven double-doubles
- KontruL, Detoxys and Safiya4ya all wore different hats for Lakers Gaming this season, playing multiple positions and archetypes throughout the year
